

Buffalo Center for Biomedical Computing Mini-Symposium

THE UNIVERSITY AT BUFFALO CENTER FOR BIOMEDICAL COMPUTING
will present a mini-symposium featuring 2 presentations:

Unsupervised application of pharmacodynamic models to pharmacogenomic data

Dr. Robert Straubinger
Associate Professor
School of Pharmacy and Pharmaceutical Sciences and the School of Medicine
and Biomedical Sciences
University at Buffalo-SUNY

Dr. Wojciech Krzyzanski
Research Assistant Professor
School of Pharmacy and Pharmaceutical Sciences and the School of Medicine
and Biomedical Sciences
University at Buffalo-SUNY

and

Bayesian Finite Markov Mixture Models and Meta-Analysis for Multi-Tissue Polygenic Phenomena in Complex Biological Systems

Dr. Yulan Liang
Assistant Professor
Biostatistics
University at Buffalo-SUNY

Time and Place:
Saturday
April 30, 2005
at 224 Bell Hall
on the Amherst Campus, UB
9:00am-9:30am coffee and donuts
9:30am-10:30am Drs. Straubinger and Krzyzanski:
10:30am-11:30am Dr. Liang:

pizza and conversation to follow
